

CRANE TRUCK DRIVER

Australia's Premier Specialist Generator Rental business requires an energetic, Delivery Crane Truck Driver to join the Team. This person will be a focused team member with a desire to provide excellence in customer service.

About the Job

As a key member of a small and dedicated team, you will often be the human point of contact with our customers, being focused on safe and secure positioning of all company equipment.

As a Heavy Vehicle Driver, you will deliver and recover equipment at the customer site. This involves mainly metropolitan hauling of equipment and supplies as well as loading/unloading and securing equipment.

A HR Truck driver's license is a must as your main priority is to make equipment deliveries, and an important part of the job is to provide advice to our customers. This is a varied role and no 2 days will be the same. You will be part of a small team, and so you will need to be honest, hardworking and happy to adapt to helping out what needs to happen each day.

Duties of the role include, but are not limited to:

- Safe operation of the vehicle in line with company policies and procedures
- Ability to provide outstanding customer service
- Ability to work both within a team and autonomously, including the ability to work unsupervised
- Ability to complete tasks in a timely manner and work in the best interest of the client and the company
- Commitment to maintaining clean and safe work practices and environment

To be considered, you will have:

- Heavy Rigid Truck License - with at least 3-4 years' experience
- Flexible with hours of work
- A Vehicle Mounted Crane licence – with a minimum of 2 years experience
- Be subject to a pre-employment medical, drug & alcohol testing

It will also be a bonus if you are:

- physically fit
- have good communication skills
- able to follow processes and procedures correctly
- computer literate
- have a forklift licence
- have recent Tilt Tray truck experience
- have recent Crane Truck experience

Benefits for the successful applicant

- Competitive hourly rate
- Uniforms and PPE provided
- The stability of a growing Industry leading, family owned and operated business
- Latest model fleet of trucks

This role will report through to the Hire Manager and will require someone with a track record of safe vehicle operation processes within a fleet environment, ideally gained in a capital equipment hire setting, or in a company that owns and operates a significant fleet of capital equipment. Much of our business falls in the Festival seasonal Spring/Summer and weekend and availability of outside of normal business hours work is essential
