

# HRIA Young Professionals Network

As a result of a growing industry and career progression requirements, the HRIA is looking to help Young Professionals learn more about the hire and rental industry, advance their professional development and establish relationships and networks that will assist them in growing into future leaders within the industry.

Who should join this Network? Those in the Hire and Rental industry, between the ages of 18 and 40, who want to learn more about the industry, build networks, advance their professional skills and achieve their potential as the leaders of tomorrow.

The Young Professionals Network provides a voice for the next generation of hire leaders and seeks to develop informed, educated and connected professionals whilst fostering the camaraderie that is unique to the Hire Industry.
